

WISCONSIN SPEECH-LANGUAGE PATHOLOGY & AUDIOLOGY ASSOCIATION
SURVEY OF STATEWIDE DPI #820 LICENSE HOLDERS
May 2003

WSHA, through its current VP of School Services, Deb Brossard, is attempting to gather information regarding school-based practitioners of speech and language pathology. A great deal of interest is being generated on many fronts regarding licensure and the different regulatory agencies involved in the “licensing” of speech/language pathologists in the state of Wisconsin. It would be very helpful if you, as a DPI #820 license holder, provide us with this information so we can better support you in the interesting times ahead. The question of licensure seems relevant to the use of speech/language pathology assistants as well as for billing of school-based services. The information you help us gather will be instrumental in the days and months ahead. Thank you in advance for your cooperation. Should you have questions or concerns relative to this information gathering effort, please contact Deb Brossard at 608-362-8225 (home) or brossard@sdb.k12.wi.us.

Please complete the following survey and return it to the WSHA office no later than May 27. If you completed this survey at the WSHA Convention in March you may disregard this request. Surveys should be emailed to Shawn Sornson at the WSHA office at shawns@wismed.org or mailed to WSHA, PO Box 1109, Madison WI 53701.
