

## ASHA ACE AWARDS

The Continuing Education Board (CEB) announced the professionals in the State of Wisconsin who earned an Award for Continuing Education (ACE) from January 2007 through December 2007. As you may know, individuals may meet the requirements for the ACE through one of the following methods:

- The Accrual of seven (7) Continuing Education Units
- The completion of six (6) semester hours of academic credit
- A combination of academic credit and CEUs

ASHA seeks to encourage professionals to continue lifelong learning and to maintain current knowledge and skills. To facilitate this, they approve Providers to offer relevant continuing education activities and recognize professional participation through the ACE.

The names listed below are recent ACE recipients from the State of Wisconsin that ASHA requested we announce as a gesture of recognition for their notable efforts.
