

## **Nancy McKinley Scholarship**

This annual scholarship is sponsored by Thinking Publications to honor Nancy Lee McKinley. The award is named for Nancy McKinley—an accomplished Speech-Language Pathologist, who contributed immensely to the profession as a Speech-Language Pathologist in the public schools, as a university professor, and as the founder of Thinking Publications. Nancy was an internationally recognized expert on adolescent language disorders: she presented workshops and co-authored numerous journal articles and books on this topic and advocated for provision of services to older students.

### **Guidelines for Application:**

This scholarship will be presented at the WSHA Convention in the spring of each year. The amount to be awarded during the WSHA Convention will be \$2,000. While there are no restrictions on how the money is to be spent, the intent is for it to be used toward education. To apply for the scholarship, a student must meet the following conditions:

1. Be in a speech-language pathology program in an accredited graduate program in the state of Wisconsin.
2. Demonstrate financial need as documented by a written statement in the application.
3. Submit two letters of recommendations that describe clinical and academic abilities. These letters may be from faculty members or supervisors of practicum.
4. Submit a completed application form along with an official transcript of all graduate coursework.

Preference will be given to students who have an interest in the public school setting and a special emphasis on older students with communication disorders. Please indicate in your application what you will do in your employment setting to promote services for older students and advocate for their needs.

The completed application form, graduate transcript, and letters of recommendation **must be received by the WSHA Foundation on or before June 28th**. Incomplete or late applications will be disqualified.

The WSHA Foundation does not discriminate based on race, color, creed, age, gender, sexual orientation, or disability.
